WORK EXPERIENCE

Research Intern   Richmond, VA
VCU Summer Internship Program   June 2018 – August 2018

- Joined 8-week program that included background lectures, project workshops & weekly seminars.
- Researched and developed an application to help protect mobile user privacy.
- Helped create a website that displayed and managed information from a database.

PROJECTS

Selected Projects:

Password Generator   Summer 2021

- Developed webpage that generates a random password based on user selected input coded in JavaScript, HTML & CSS.
- Designed to allow users to interact and input preferences before generating a password.

Whack A Shape   Spring 2021

- Created game that displays randomly generated shapes and outputs them to the GUI, user must click on all the shapes in order to win the game.
- Coded in Java and uses a linked and array bag as the main data structures.

COMMUNITY SERVICE/INTERESTS

Science Museum of Virginia *2500 W Broad ST.*   Richmond, VA
Dome Usher & Exhibit Interpreter   October 2018 – May 2019

- Ushered guests entering the Dome as well as answered questions pertaining to the film.
- Engaged guests with educational information and experiences related to each exhibit.

White Water Club at VT *312 Graves ST.*   Blacksburg, VA
Club Member   January 2021 – Current

- Stived to teach people the basics of whitewater kayaking, rafting, and canoeing.
- Attended local gatherings, networked with local paddlers, and competed in whitewater races.

Hour of Code *8301 Hungary Spring RD.*   Richmond, VA
Event Organizer   February 2019

- Helped host event to teach elementary and middle school kids about basics of coding.
